# Orders by business area and organic order development\*

\* Share of Group orders received 12 months ending September 2020.  
3 month organic order development compared to previous year.

# Compressor Technique

- Orders down 2% organically vs. previous year
  - Large compressors down – smaller increased organically
  - Growth for service
- Sequential order increase in all areas
- Revenues increased 4% organically year-on-year
- Operating profit margin at 23.0% (23.5)
  - Negative sales mix
- ROCE at 75% (93)

Innovation:  
 CD+ 20-335, the first compressed air dryer with solid desiccant, providing reduced energy consumption and health and environmental benefits compared to conventional dryers.

# Vacuum Technique

- Orders down 6% organically vs. high level in Q3 2019
  - Semi equipment down – industrial equipment up
  - Double-digit growth in service
- Sequential order growth
- Revenues up 3% organically year-on-year
- Operating profit margin at 22.8% (24.7)
  - Negative currency
- ROCE at 19% (23)

Innovation:  
nEXT730 and EXT930 turbomolecular pumps offering customer high pumping speed flexible installation and intelligent monitoring and control options.

# Industrial Technique

- Order intake down 15% organically vs. previous year
  - Lower demand across most customer segments
  - Service orders down
- Sequential improvement vs. low second quarter
- Revenue decline of 17% organically year-on-year
- Adjusted operating profit margin at 15.9% (22.0)
  - Large volume drop and dilution from acquisitions
- ROCE at 16% (36)

Innovation:  
Smart.Adjust, a new product that combines visual bead inspection and industrial dispensing optimizing in the application process in battery production.

# Power Technique

- 9% organic order decrease year-on-year
  - Equipment, specialty rental and service all remained below previous year's level
- Sequential order growth vs. low second quarter
- Revenues decreased 13% organically
- Operating profit margin at 14.0% (16.4)
- ROCE at 19% (29)

Innovation:  
HiLight H6+, a new light tower with the lowest noise level on the market, and next generation LED lights to ensure low operational costs for customer.
