Atlas Copco opens a customer center in Senegal

Stockholm, Sweden, April 18, 2012: Atlas Copco has established a customer center in Dakar, Senegal, to strengthen relations with customers in the construction industry and other customer segments in the region.

Initially the new customer center will offer products such as road construction equipment, portable compressors and generators, covering most countries in western and central Africa. It will also represent the Compressor Technique business area in Senegal.

“We see a great untapped potential in the region for our full range of construction equipment and look forward to this opportunity to come closer to customers,” said Nico Delvaux, President of the Construction Technique business area.

Atlas Copco is an industrial group with world-leading positions in compressors, expanders and air treatment systems, construction and mining equipment, power tools and assembly systems. With innovative products and services, Atlas Copco delivers solutions for sustainable productivity. The company was founded in 1873, is based in Stockholm, Sweden, and has a global reach spanning more than 170 countries. In 2011, Atlas Copco had 37 500 employees and revenues of BSEK 81 (BEUR 9).
