Milwaukee

Competing

Geographically Complementary

Common matters: Distribution, product components, manufacturing and logistics, battery technology

Industrial Technique

Q3 2003

- Revenue volume down 2%
 - Up for industrial tools in all regions except North America but down for professional electric tools
- Restructuring projects on track and contributing to recent margin improvement
- Operating margin at 10%
 - Product cost reductions and favorable sales mix offset negative currency effects

Industrial Power Tools

Atlas Copco

Motor Vehicle Industry - MVI

Strong Position - Continued Growth

- Every third motor vehicle in the world (but Asia) is assembled by Atlas Copco's tools and tightening systems (primarily under the Atlas Copco brand)

Light Assembly and Aerospace

- Strong base with all brands.
- Good growth possibilities.
- Certain shift from air tools to DC electric tools

Automotive After-Market

- High market shares but stagnant business in the 90'ies. Now "Back to basics" - leveraging the CP brand with upgraded products

- Core Markets
 - Service, car
 - Service, truck
 - Tyre shop
 - Body shop
 - Speciality shop

Atlas Copco

Driver for profitable growth

Battery electric tools (cordless tools)

Development stages

- First stage
 - Cordless driver-drills. 9V and 12V batteries. Consumer and professional tools. Large volumes.
- Current stage
 - Cordless heavier drills and saws using 18V and 24V batteries.
 - ~ 55% of professional cordless market in North America is now in this segment, but only ~ 15% in Europe
- Future stage
 - 24 - 40V cordless tools, i.e. cordless hammers, large drills, heavy saws and grinders

18V Cordless Sawzall – 6515-21

- 1" (25mm) stroke, fast cutting
- Lock off variable speed trigger, 0-2400 strokes per minute, fast cutting
- Cuts up to 60 2x4's in a single charge
- Quik-Lok blade clamp for fast/easy blade changes
- Adjustable shoe – fast/easy, better control of cuts, extends blade life.

Capital Markets Day
November 12, 2003 www.atlascopco-group.com

18V Hatchet Sawzall

- The first “foldable” reciprocating saw
- Almost 150,000 saws has been sold since the launch two years ago

Capital Markets Day
November 12, 2003

www.atlascopco-group.com

18V Cordless (13mm) Impact Wrench – 9079-20

- 240 ft-lbs of torque – highest among cordless impact wrenches
- Lock off variable speed trigger, 0-1,400 rpm
- 2,200 impacts/minute
- All metal front housing for rugged durability
- Cushion grip for operator comfort and control

Capital Markets Day

The power of the Milwaukee brand

- Milwaukee is the only premium brand on the US market
- Milwaukee gets a 10% price premium for most corded tools
- Other professional brands are all "main stream", with regards to price (and features)
- In Europe AEG is the second/third most known brand for Electric Tools. Milwaukee is since 2002 introduced in Europe.

Video

Milwaukee - Respect for the Trade Marketing Campaign

- "But, the biggest frustration for contractors and tradesmen are people who don't value the knowledge, effort and experience it takes to build their homes, skyscrapers or bridges."
- "Their tools are important as well, and they rely on them each day to perform without fail."
