Develop our Channels

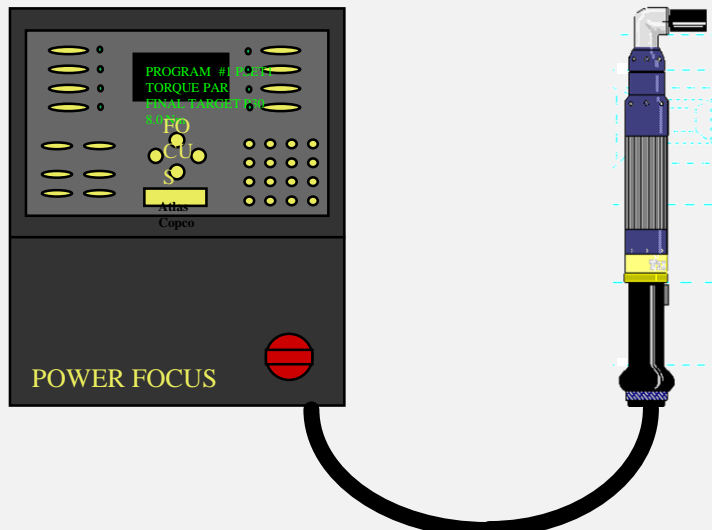

4

Sales

- Direct sales
 - Global key accounts
 - Distributors
 - E-commerce
-
- Territory management is the base.
 - To develop the sales channels and be flexible to adapt to customer and market demands is key.
 - Medium and long term our marketing efficiency has to be increased considerably

Portfolio Management and Strong Product Development

- **Team work** between product and sales companies
- **All inputs** are required - latest technology, customer requirement, production etc.

- **Strong co-ordination** between Tools & Assembly Systems is vital!
- Part of one product offer
- Product launches must be levelled and co-ordinated between engineering, manufacturing and sales organisation
