17 Atlas Copco Capital Markets Day, December 2, 2009

Economic downturn is normally mitigated by investments in infrastructure

Atlas Copco

18 Atlas Copco Capital Markets Day, December 2, 2009

Infrastructure Projects

Roads and railways

The total network of roads/railways and metros in the world will 2050 will be tripled of today

Estimation until 2012

- New roads: +30% whereof 50% in Asia and 25% in EU
- Maintenance: EU and North America 65%

Maintenance after 2012 (est.)

- New EU countries and Asia due to quality will be next issue for maintenance and extension

Atlas Copco's equipment represents 10% in the projects

Atlas Copco

19 Atlas Copco Capital Markets Day, December 2, 2009

Infrastructure Projects

Hydro power plants and dams

- We count on 5-10% annual growth dominated by Asia followed by Latin America while Africa has the need and potential
- Atlas Copco's equipment represents 10% in the projects

Atlas Copco Capital Markets Day, December 2, 2009

Aftermarket

- Global service competence
- Fleet management system
- Extend product offer on aftermarket products
- Separate organization

Growing the Aftermarket Business

- Growth in Aftermarket comes from:**
- Increased fleet of equipment
 - Growing our Customer Share
 - Offer new products

Key Customer Strategy

- Organization to support key customers
- Take more responsibility through aftermarket contracts
- Offer global contracts and support
- Build partnership relations

India

- Strong market growth
- Market leading position
- Growth areas: Hydro power, Infrastructure and Coal mining
- New factory for Dynapac

Atlas Copco

China

- Strong market growth
- Market leading position
- Expected increase in infrastructure investments
- New factory in Nanjing for ADS products

Atlas Copco

81 Atlas Copco Capital Markets Day, December 2, 2009

Brazil

- Strong market growth
- Market leading position
- Large mining and construction market
- Large international contractors

Atlas Copco

82 Atlas Copco Capital Markets Day, December 2, 2009

Russia

- >40% average annual growth since the millennium
- Market leading position
- Very dependent on oil and minerals

Atlas Copco

83 Atlas Copco Capital Markets Day, December 2, 2009

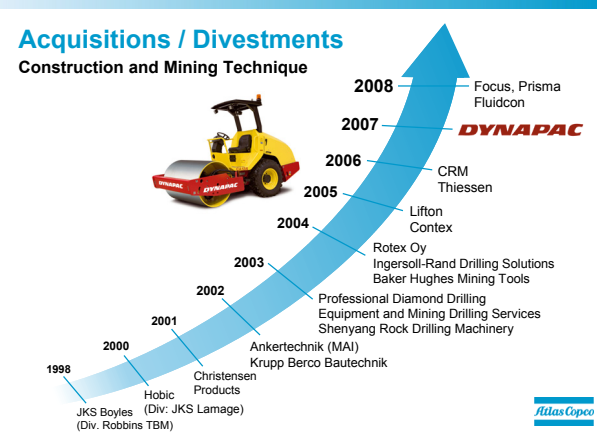

USA

- World's largest construction market
- Market leading position
- Strong distribution network
- Present in several customer segments

1998: JKS Boyles (Div. Robbins TBM)

Atlas Copco

Conclusion and Outlook

- The global financial crisis has clearly affected the market demand and we see a clear slowdown in mining investments
- The slow construction market is expected to start growing, driven by infrastructure investments, especially in emerging markets and by projects initiated to stimulate the economy
- Atlas Copco CMT is well prepared to adapt to the changes in demand

Atlas Copco

We are committed to your
superior productivity through
interaction and innovation.
