

Press release from Atlas Copco AB

German supplier of integrated quality solutions for the automotive industry has become part of Atlas Copco Group

Nacka, Sweden, November 18, 2024: VisionTools Bildanalyse Systeme GmbH ("VisionTools"), a German company that develops and sells integrated solutions for quality control in assembly lines, has become part of Atlas Copco Group.

VisionTools, headquartered in Waghäusel, develops and sells smart, integrated quality control solutions primarily aimed at the automotive industry. VisionTools installs and adapts systems for different customer needs. The company has 80 employees.

"With this acquisition we further create value for our customers by enhancing our smart integrated assembly offering to the automotive industry", said Henrik Elmin, Business Area President for Industrial Technique.

The purchase price is not disclosed. During 2023 VisionTools revenues amounted to approximately 14 MEUR (160 MSEK*)

The business will become part of the Motor Vehicle Industry Tools and Assembly Systems division within the Industrial Technique Business Area.
