

Press release from Atlas Copco AB

Brazilian compressed air manufacturer has become part of Atlas Copco Group

Nacka, Sweden, December 3, 2024: Metalplan Equipamentos LTDA, (“Metalplan”), a Brazilian company manufacturing screw compressors, air treatment equipment, chillers, gas generation and renewable energy products, as well as providing service in the compressed air market, has become part of Atlas Copco Group.

Metalplan was founded in 1986, and main customers can be found in research and development, design, production, sales, and service. The company has 90 employees and is located in the state of São Paulo, Brazil.

“By acquiring Metalplan, Atlas Copco Group will grow its presence in Brazil and Latin America”, said Philippe Ernens, Business Area President Compressor Technique. “Metalplan’s products and services stretch across many industries and segments which will be beneficial for our customers.”

The purchase price is not disclosed. During 2023 the company had revenues of approximately 120 MSEK* (58 MBRL).

The company becomes part of the Industrial Air division within the Compressor Technique Business Area.
