A Brief History of the Group

Atlas was founded in **1873** with a focus on engineering products for the rail industry.

The name **Atlas** was inspired by the Greek Titan **Atlas** who was able to carry the world on his shoulders.

The company has had 3 name changes:

Atlas

Atlas Diesel (1917)

Atlas Copco (1956)

Copco is derived from the name of the major Belgian subsidiary with a focus on compressed air – **Compagnie Pneumatique Commerciale**.

In 2023, **Atlas Copco** celebrated its 150th anniversary and a new **Group** identity was launched.

Vagner Rego was appointed the 13th CEO of the Group in May, 2024.
